(Verse 1)

It's nine o'clock on the dot and we bout to hit up this club

Dress to impress so I know aint nobody fuckin with us
Don't care what they say, aint nothing stoppin me
Might drink some drinks tonight, might end up in a fight

Aint leaving til the fire marshal shut us down
Then we hoppin to the next club over on the other side of town

I won't give up, cause I'm on a mission
To party, party, party, party til we finish

(Chorus)(2xs)

We gonna party, we gonna party
We gonna party, party, party party party (ayyye)
We gonna party, we gonna party
Gotta drink in my cup, we goin get it started
We gonna party, we gonna party
We gonna party, party, party party party (ayyye)
We gonna party, we gonna party
We gonna party, party, party party party (ayyye)

(Verse 2)

The dj got replay on replay so you know what we say
(ayyye)

We dancing in the lights all damn night cause we
feeling just right

The bartender is feeling me, and pours me a free drink
It's gone within a minute, now the room is spinning
It's not enough for me; I take a shot and another round

So now I'm on the ground being picked up by a
random gal

Who says I should stop drinking, but that's not what
I'm thinking

I wanna party some more, but I'm being escorted to
the door

(Chorus)(2xs)

We gonna party, we gonna party

We gonna party, party, party party party (ayyye)
We gonna party, we gonna party
Gotta drink in my cup, we goin get it started
We gonna party, we gonna party
We gonna party, party, party party party (ayyye)
We gonna party, we gonna party
We gonna party, party, party party party (ayyye)
