Baby, every time we kiss, Hot Lava
And every time that we make love, that's Lava, Hot
Lava
It's lava so hot, it makes me sweat
And lava so warm, it's red and wet
Mountain is rumbling, We must find a safer place

Soon half of Pele, Will fall upon your face
Great Nectar of the Gods spews far from Pinatabo
Mixed with a Women's Sweat, it makes the Lava we
know
Baby, every time we kiss, Hot Lava
And every time that we make love, that's Lava, Hot
Lava
It's lava so hot, it makes me sweat
And lava so warm, it's red and wet

Burnin' through the forest, Where Red hot lava flows
Rolls down the islands body, and into the ocean below
When it meets the cool, cool water, there's a big flow of
the living
Rich magma flowing into a sobiquious environment,
Produces Pillow Lava
And starts a pressure of sea water
Tends to inhabit the vesical size of the basalt
Baby, every time we kiss, Hot Lava
And every time that we make love, that's Lava, Hot
Lava
It's lava so hot, it makes me sweat
And lava so warm, it's red and wet

And after the eruption, you lay dormant for a while
Let's just hold each other and talk, For now, Pele sleeps
Baby, every time we kiss, Hot Lava
And every time that we make love, that's Lava, Hot
Lava
It's lava so hot, it makes me sweat
And lava so warm, it's red and wet
Baby, every time we kiss, Hot Lava
And every time that we make love, that's Lava, Hot
Lava

It's lava so hot, it's red and wet
And lava so warm it makes me sweat.
