Well, it's a Rockin' world, make no mistake about it,  
It's a Shockin' world, could be what's so great about it,  
It's a Rockin' world, there aint nothing fake about it..  
Whoh whoh, well welcome to this world bro  
Whoh whoh, we're tryin to find an answer  
Whoh whoh, we got a surface module and a belly  
dancer..

On the sidewalk earth..  
A boy is trying to show a girl what he is worth, oops  
Both arms in plaster..  
But he's still gonna, go right up and ask her..  
Why is it monetic, is it biological?  
Why is it phonetic, is it asophysiological?  
It's an epidemic, there's nothing logically Logical  
Logical, Logical..

Well, it's a Rockin' world, make no mistake about it,  
It's a Shockin' world, could be what's so great about it,  
It's a Rockin' world, there aint nothing fake about it..

Now, why do babies cry?  
I asked the cold today, but all he did was fly..  
And he took the cynic way,  
The laws of chaos..  
Left us all in disarray.  
Now take the bumblebee, the lousy rotten bum..  
Not a shred of money, just a lazy buzzing hum  
He takes all our honey..  
And Now the Garden of Eden has got to pay, that's  
who.  
Well we'll crawl back to base..  
Can't make no head or tale of this place.  
But home we're returning back to base.. base.  
Can we be notified when, love comes to phase..  
Does the cell divide in the initial phase,  
It's all codified in the, DNA stage..

Well, it's a Rockin' world, make no mistake about it,  
It's a Shockin' world, could be what's so great about it,  
It's a Rockin' world, there aint nothing fake about it..
