You see, you're born to die  
Well that's infinite sadness  
I'm standing on the edge of complete madness  
Shut my eyes  
Yes, I love the blackness  
I Journey down deep into the heart of darkness  
Funny how it goes when it seems on tow  
There's a whole entire world on remote control soul

With the writing on the wall  
It's so strange to think I'm wrapped around your finger  
Just when I'm all alone  
It's so cold inside, so cold that I can't figure

But from that, don't expect that I'm here to teach or to  
preach  
I'm all about gettin' about going when I speak

And I'm takin' you higher than the peaks  
That be in the fall, it's nineteen nine  
And I'm still walkin' tall  
There was a few times that I thought I might fall  
And lose it all  
But I got myself together-ac
