If the questions suggesting that I have not moved on,
Please take a look next to you baby I'm gone.

I love the way you move in bed, wish this wasn't the
end.

But I hate the way you act when you're around your
friends.

You can call it a chance you can dance around the
feelings we've expressed, under the moonlit night we
might have to try this again.

We have to try this again.

Here I go, here I go

I can make it on my own with or without you.

I know I can, don't know how,

Doesn't matter if we're both left lonely hearts.

You asked me why I sent the letter,

I was hoping I could make it better,

But you couldn't see the past through my view, I was
sorry.

Nothing else meant anything, you were always
everything.

Sometimes love just has to breathe now I've got all the
air I need.

Lonely hearts means lonely dreams I want you here
right next to me.

If you think that's possible then we have to try this
again.

Here I go, here I go I can make it on my own with or
without you.

I know I can, don't know how,

Doesn't matter if we're both left lonely hearts.

But I wish you were here, here with me,

Here right now we can mend this lonely heart.

Please wont you, please wont you mend this lonely
heart.

You make my heart drop when I think of you.

I give up please stop, there's nothing else you can do.

I don't believe in love or anything else left with you.
Played like a board game you make me lose we're
finally through.
Finally through. Here I

Here I go, here I go I can make it on my own with or
without you.
I know I can, don't know how, doesn't matter if we're
both left lonely hearts.
Here I go, here I go
Make it on my own with or without you.
I know I can, don't know how,
Doesn't matter if we're both left lonely hearts.
