Well I'm fallin'
Don't get excited not in love,
Off the stage, turn the page in your book of lust.
Now I see,
The question marks across your lips,
Pulling tighter, getting whiter, hands on your hips

Always teasing with your golden hair,
The girls are laughing, but the boys all stare.
Who's behind the fake smile you wear.
The girls are laughing, 'cause you're a...

Hot mess getting hotter everyday,
But the mess is catching fire as you're wasting life
away.
Take a look in the mirror.
Brush the dust away.
Take a look see it clearer.
Do you really wanna,
Live your life that way?

Undercover, underweight, and overdressed,
You wonder why, you're still shy when put to the test.
Take off the mask, girl.
The seats are empty no applause,
Slowly growing, crowd not knowing the charade they
saw.

Always teasing with your golden hair,
The girls are laughing, but the boys all stare.
Who's behind the fake smile you wear.
The girls are laughing, 'cause you're a...

Hot mess getting hotter everyday,
But the mess is catching fire as you're wasting life

Take a look in the mirror.
Brush the dust away.
Take a look see it clearer.
Do you really wanna,
Live your life that way?
