Where were you when they built the Ladder to Heaven?
Did it make you feel like crying?
Or did you think it was kinda gay?
Well, I for one believe in the Ladder to Heaven
Oh yeah, yeah, yeah... 9-11
I said 9-11 9-11 9-11 9, 9-11

Where were you
When they ran out of stuff to build the Ladder to
Heaven?

Where were you
When they saved that Ladder to Heaven?

Where were you
When they decided Heaven was a more intangible idea
And couldn't, you couldn't really...get there?

You little bastards ruined my latest song!!
