I'm sailing away
Set an open course for the virgin sea
'Cause I've got to be free
Free to face the life that's ahead of me
On board I'm the captain, so climb aboard
We'll search for tomorrow on every shore
Yeah, but we'll try, oh lord, I'll try to carry on

I look to the sea
Reflections in the waves spark my memory
Some happy, some sad
I think of childhood friends and the dreams we had
We lived happily forever, so the story goes
But somehow we missed out on the pot of gold
But we'll try best that we can to carry on

(Yeah)
A gathering of angels appeared above my head
They sang to me this song of hope and this is what they said
They say, come sail away, come sail away, come sail away with me (You guys)
Come sail away, come sail away, come sail away with me
Come sail away, come sail away, come sail away with me (You guys ha)
Come sail away, come sail away, come sail away with me

(Hey)
(Come on, sing it)
I thought that they were angels but much to my surprise
They climbed aboard their starship and headed for the star and they said
Come sail away, come sail away, come sail away with me (You guys)
Come sail away, come sail away, come sail away with me (Everybody now)
Come sail away, come sail away, come sail away with me (You guys seriously)
Come sail away, come sail away, come sail away with

me

(Chef) Make it funky now

(Cartman) Hey, you're screwin' up my song

Hey, what's goin' on?

(Chef) Come sail away, come sail away, come sail away
with me children

Come sail away, come sail away, come sail away with
me children

(Cartman) No, no, no, no, like this, like this

Come sail away, come sail away, come sail away with
me (You guys, can't here ya')

Come sail away, come sail away, come sail away with
me (You guys seriously)

Come sail away, come sail away, come sail away with
me (Seriously you guys, screw you guys)

Come sail away (You guys seriously, seriously), come
sail away, come sail away, come sail away with me

(You guys seriously)

Come sail away, come sail away, come sail away with
me (You guys seriously)

Yeah, that's good this

(Chef) Let's welcome, "Master P
