Born in New Zealand in sixty-four  
A hot-headed actor named Russell Crowe  
He loves to act but he loves one thing more  
Fightin' Round The World

He fights his directors and he fights his fans  
It's a problem no one understands  
If there's two things he loves it's fighting and  
Fightin' Round The World

Makin' movies, makin' music and  
Fight-in' Round The World!  
Russell Crowe!

-Exit-

Tugger's whistle's blowin  
Means we must be goin  
No more Russell Crowein' for you.

But now don't you start to whine  
I'll see ya again next time  
Cos there's plenty a-more a-fightin' left to do.  
Makin' movies, makin' songs  
An' fightin' round the world
