Doo-doo-doo, da-da-do-do-wow!
There's a place that is magical and full of rain
But now it needs help because it is in pain
Protecting the earth is a mighty big chore
We're spreading awareness like never before!
Getting Gay with Kids is here
To spread the word, and bring you cheer
Lets save the rainforest, whaddaya say?
Being an activist is totally gay.

Someday if we work hard boys and girls..
There'll be nothing but rainforests covering the entire
world..
Getting Gay with Kids is here
To spread the word, and bring you cheer
Getting Gay with Kids is here
Lets save the rainforest, it's totally gay
It's totally gay.
