Doo-doo-doo, da-da-do-do-wow!  
There's a place called the rainforest that truly sucks  
ass  
Let's knock it all down and get rid of it fast  
You say 'save the rainforest', but what do you know?  
You've never been to the rainforest before!  
Getting Gay with Kids is here  
To tell you things you might not like to hear  
You only fight these causes 'cos caring sells  
All you activists can go fuck yourselves.

Someday if we work hard boys and girls..  
There'll be no more rainforests left in the entire world..  
Getting Gay with Kids is here  
To spread the word, and bring you cheer  
Getting Gay with Kids is here  
Lets knock down the rainforest, whaddaya say?  
It's totally gay, It's totally gay!
