[verse 1]

I'm gonna take you back .. to 1980

People thought she was crazy for keepin' her baby

Being only thirteen thinking' how she would love a son

Barely a child herself .. now she would mother one

When that had come to past some wondered how she  
had made it by

Some had bets on the side that she wouldn't live to see  
'85

But she would prove them wrong .. corason kickin'  
strong

And like the calm before storm so was mom when it  
was on

Back in '86 .. as he grew up in the mix

Watchin' his mother hang around men

That slang the cain to make them licks

Strugglin' year after year switchin' daddy to daddy

Last one had him a lincoln .. this one got him a caddy

Plus a house in the subs and apartments run by thugs

Pushin' dubs to them scrubs "cause he got a connect  
with killa bud

Little young buck seen all of that

Then the man had a hand on that crack

And he out there lookin' for tear that come black

'cause he know that smack on a comeback

He was nothin' but 9 years old doin' nothin' but what he was told

Always the one that would hafta hold

Till the man let him know when it was sold

Then he would take what wrapped in the paper sack

Make the drop and he'd make it back

Imagine that to play the mac

And not know how one's s'posed to act  
[chorus]

When them hustlin' on them streets

Don't play them for weak 'cause them will shoot ya

Real young killa gangsta rude-boy

Destined for death yet o'm your future

How can the youth be humble

When we live in an age of rage

Too young and naive to conceive that them diggin' an  
early grave  
[verse 2]

And by the time the nineties come around ..

Mom's had a frown since the man went down

Kites fly penitentiary bound and lil' man's left to hold  
his ground

Playin' his art stayin' in school ..

Nothin' short of payin' his dues

Mamas heart's what made him choose ..

Got him a start in breakin' rules

Hittin' them books hangin' with crooks ..

Watchin' out when that law man looks  
Money's put in them pocket books  
And business good 'cause he got them rooks  
To make the run getting' it done ..  
With the advantage of bein' so young  
Nobody cared about what had begun ..  
Then by the end of '91  
He was the kid in junior high..  
Lookin' to get some new supply  
Got him a hook up through some guy  
Livin' like either it's do or die  
Under the influence of the game ..  
Already been through the love and the pain  
Feelin's to him that one in the same ..  
Gotta maintain or go down the drain  
It was the life he learned to live ..  
He's never had an alternative  
Most forbid the things he did ..  
But what would you do if you were the kid growin' up  
Around the cut only exposed to what's corrupt  
Nothin' could break a boy so rough  
Except the touch of his mother's love  
[chorus]  
[verse 3]  
Around the summer of '93 ..  
Everyone's packin' artillery  
Do many wantin' to be a g

Ready to make a delivery  
Whatever it took to get in a set ..  
Not even worried about regret  
It's who could pose the biggest threat  
And catch the most of all respect  
He can't stop ..  
He won't stop ..  
Even though every spot is hot  
Givin' it everything thing he's got ..  
Tryin' to keep from getting' caught  
Never the one to be any place  
Long enough to catch a case  
After all no time to waste  
When doin' your business face to face  
He's comin' equipped to make the lick ..  
Not about to play the trick  
Puttin' in work to make the hit and keepin' it low to stay legit  
Mom's and dad's I'm talkin' to you ..  
These are the things our children do  
Hopin' you listen and catch the clues then maybe  
You can see the future too  
[chorus]
