a great adventure is waiting for you ahead
hurry onward Lemmiwinks or you will soon be dead
teh journey before you may be long and filled with
woahs
but you must escape the gay man's ass or your tale
cant be told

Lemmiwinks (x4)

Lemmiwinks journey a distance far and fast
to find a wayout of a gay man's ass
the road ahead is filled with danger and fright
but push onward Lemmiwinks with all of you might

TALKING:

Lemmiwinks you are coming to the entrance of the
small intestant
there you must seek out the sparrow prince

the sparrow prince lies somewhere way up ahead
dont look back Lemmiwinks or youll soon be dead
Lemmiwinks Lemmiwinks the time is growing late
slow down now and seal your fate

SPARROW PRINCE:

i am the sparrow prince
long has my spirit been trapped in this place
before you lies the maze of the small intestants
one path leads to te stomach the other to certain doom
take with you this helmet and torch
let them be your guide

take the magic helmet torch to help you light the way
theres still alot of ground to cross inside the man so
gay
ahead of you lies adventure and your strength still lies
within
freedom from the ass of doom is the treasure you will
win

Lemmiwinks came to the stomach god
beneath the depths of the lungs and heart

CATATAFISH:
you chose your path wisely Lemmiwinks
i am the catatafish

Catatafish of the stomach's cove

CATATAFISH:
