This is Master P
Iâ€™m down here in South Park
I just put a million dollar reward up
For any information or anybody who know who killed
Kenny
Ya heard

(Kennyâ€™s dead)
We got to ride tonight
My little homey Kenny died tonight (Thatâ€™s what I
said), uhh

Kenny started messinâ€™ up, hanginâ€™ with the thugs
Cutting class in the fast section, see weed and drugs
And I guess thatâ€™s how it is when the ghetto got you
trapped
But Kenny ainâ€™t scared, he seen his pops get his neck
snapped
People lie in they sheet on South Park streets
Where the hoes chill and everybody run from the police
But what I liked about Kenny, he wasnâ€™t no Crip or no
Blood
And he mumbled when he talked, but he loved that bud

(Kennyâ€™s dead)
We got to ride tonight
My little homey Kenny died tonight (Thatâ€™s what I
said), uhh

A lot of hopeless nights chasinâ€™ nickels and dimes
Kenny rode the other bus to school, but at night, he did
crimes
211, 187, itâ€™s like a hobby
Kenny slowed his roll, he did three years for a robbery
Some say Kenny was the poorest kid on the street
But picture this, Kenny with about ten Gâ€™s and a
couple of keys, huh
Servinâ€™ the dope fiends, standinâ€™ on the corner
Moved and worked from New Orleans to Arizona
But it was a trip, Kenny always wondered how he would
die
Would it be a car crash, a plane, a gun, or suicide

He knew one day that the rats would come
But he didn't know they was gonna scream, "A'bout it,
A'bout it"
And hit him with a shotgun, uhh

(Kenny's dead)
We got to ride tonight
My little homey Kenny died tonight (That's what I
said), uhh

A lot of wasted deaths, a lot of senseless crime
But everybody think about what you do out there,
because uh
Judgment day is for everybody
Just remember that, uh, we can't take none of this
with us
And it's real out here on these streets
I'd love to live like Kenny
But just remember, Kenny wasn't nothin' but a
cartoon, huh
Died, he's dead, ain't no comin' back
Ya heard me
Hombre, Master P, No Limit
To the world, baby
Don't get no realer than this
