Deep down inside without warning
The other side will arrive
No way to tell without warning
It's not a spell, it's just alive

You can't deny the manifest
You're involved just like the rest
It's in motion

Sinister double
Heading for trouble
No time to plan or to understand
Your sinister double
Running in trouble
You'll lose your soul if you don't control
Your sinister double

In the mirror is a reflection
Is it just your better side?
No way to tell if it's deception
Primeval well deep inside
You can't control the circumstance
Your mind and soul refuse to dance

Sinister double
Heading for trouble
No game to play or to understand
You're sinister double
Running in trouble
Play with your soul if you don't watch out
You're a sinister double

You can't control the circumstance
Your mind and soul refuse to dance
It's in motion

Sinister double
Heading for trouble
No time to plan or to understand
Your sinister double
Running in trouble

You'll lose your soul if you don't control
Your sinister double
