wat these mathufuckas doing to my family
but i stay strong and i keep my fate
even tho im thuging till i see my grave

you should know iwas never the lucky one
sadness was all that i was delt right

but i know i cant be held back
like they did me in the six grade member that

our people killing one another
they fear the day of unity
the day our people come together

but my carley just so crazy and wild

and for her i buy the whole astroworld
but she dont want money she just wants me there
to watch her play piano or brush her hair
and i know is a million kids
that feel the same pain that my childrens in
45 years as they hate a g
to break loose from this modern day slavery
they want us in a cage making minimum wage
thats how this muthufucken system was made
i lift weights i play handball

i right carley i write to my grandma
im writing a movie and im sending a copy
to end with james omos these hoes cant stop me

CHORUS

today they love wat the see
our people killing one another
they fear the day of unity
the day our people come together

3rd verse

you got people that cant recognize their kidz
you got homies coming in on a straight 5
put some work in now we gotta face life
thats 40 years before we at parole
thats all in the sopa

this is the belly of the beast the cement jungle
the drunk driver that killed my homies neice and uncle
just walked right by me should i straight flore him
naw homie instead im going to pray 4 him
in 7 weeks when this album hits the streets
they'll be pist at me cause i made history
i speech from the place they stuck my race
but revenge is the sweetest muthafucken taste

CHORUS

today they love wat the see
our people killing one another
they fear the day of unity
the day our people come together

today they love wat the see

they fear the day of unity
the day our people come together
