Stan: Puff Daddy?

Puff Daddy: Your friend Kyle told me you don't understand the importance of voting. Apparently you haven't heard of my vote or die campaign.

Stan: Vote or Die? What the hell does that even mean?

Puff Daddy: What do you think it means, bitch?

Vote or die muthafucka, muthafucka vote or die
Rock the vote or else I'm gonna stick a knife through your eye
Democracy is founded on one simple rule
Get out there and vote or I will muthafuckin' kill you

Yeah

I like it when you vote bitch (bitch)
Shake them titties when you vote bitch (bitch)
I slam my jimmy through your mouth roof (mouth roof)
Now get yo' big ass in the polling booth
I said vote, bitch, Or I fuckin' kill you

Vote or die muthafucka, muthafucka vote or die
You can't run from a .38 go ahead and try
Let your opinion be heard, you gotta make a choice
'Cause after I slit your throat, you won't have a fuckin' voice

Vote or die
VOTE OR DIE!
