"My life is violent but violent is life."

1st Verse:

One time muthafucker reach for the sky
All I ever wanted was a piece of the pie
On this chrome Microphone
I can Do No Wrong & can only be held back
For so long on the tempo street info
How I riddow
If this nigga trip I turn his bitch into a widdow
Puffin' weed
5 Dunn Sunny D
Cyber real free shit comin' from a G
Suddenly the Summary Ain't where you wanna be
Underneath 100 G's keepin' death company
Quick triggers certified wig splitters ditch diggers
All about big figures
The last to laugh you don't have a chance
I come down like a muthafuckin' Avalanche
Blast yo' ass you think we won't answer back
Cancel that or we blow yo' fuckin' ass in half.

"My life is violent but violent is life."

2nd Verse:

We roc Rashade is also gettin' paid
Who give us a bald fade
Who got, just razor blades
Wit yo' options be away
The game of life'll be to play
Wit 5 aces of spades
3 small trick up the trade
Radicle renegade
Walked in this world to play
Bringin' faces
The top joker
Devil persuasive
Ain't it amazin' how this beer became
A cravin' add a fuckin' sweet
Give it tea to see some misbehavin'
Ain't no liftin' balls
Bitches mind be like ill
Put you down wit these southern skills
Then piss on yo' fuckin' grill
Grow deep wit back & gats & all stands
My boys gettin' prepared for neucin'
The war fair hands up in the air
Soldier's flippin' they fists
50 bald heads smoked out
Sloked out of piss
Infarred got it locked my man X
Marks the spot drench, then run that muthafucker down
the block.

Finally it's time to give my new block a try
Homerun hit a huge just poppin' flies
Fuckin' lies
Now I come & there be no compromise
Don't sleep so you better stay awake
The player mate gon' put yo' ass a real way
Mayday Mayday
It's payday
In the school bed I played a AK
It's midnight
Muthafuckin' fistfight
My clip lights hoes up quick light
My crib tight, keepin' my shit right
A hustla, my customers hit pipes
You heard of me doin' dirty Beach
To keep it the burglaries

So when my shit dropped, yo' lip be on slip lock
