I need a sweet with short red hair
And when a sweet I need to be there
I need a sweet hear what say
A killa sweet to get me through the day

--Verse 1: SPM--

I need a sweet so I can blow
A forty dolla sweet full of endo
I got a buzz unnh hunnh that's What I does
I put diamonds on my daughter's hairbrush
In this times of hate and pain
We need a remedy to get us out the rain
Jealousy a little greed
I been thinkin' of what I need
Purple leaves with crystal flakes
If it's not hydro please get that out my face
Two-twenty five for a half of o-z
In the club with my homeboy joey t
My science project was in the school arena
Cuz I made a bong out this old steam cleana
Come on

Chorus:

I need a sweet with short red hair
And when a sweet I need to be there
I need a sweet hear what say
A killa sweet to get me through the day - help me out
I need a sweet I really do
I need a sweet can I smoke a few
I need a sweet to get me right
I need a sweet everyday and everynight

--Verse 2: Angela Perez--
