Daniel Ho
"What If God Fell From The Sky?"

What if God fell from the sky

Would you notice- or just walk by

What if christ took your hand

And you just ran

What if I couldn't see

I was twelve - so trusting

you take hands - put on me

You had needs

So don't tell me 'bout nothin'

Cuz I don't wanna know it

I don't wanna know it

Don't talk about your morals

If you ain't gonna show it

You ain't gonna show it

Don't tell me 'bout religion

If you ain't gonna live it

And you sure ain't living it

And don't talk about love

If you ain't gonna give it

What if God fell from the sky

Would you notice- or just walk by

What if christ took your hand

And you just ran

Would you be damned

Don't tell me 'bout nothing

Cuz uh - I don't wanna know it

I don't wanna know it

Don't talk about your morals

If you ain't gonna show it

And you ain't gonna show it

Don't tell me 'bout religion

If you ain't gonna live it

And you sure ain't living it

And don't talk about love (more on that later)

If you ain't gonna give it

What if God fell from the sky

Would you notice- or just walk by

What if christ took your hand

And you just ran

Would you be damned
