(B. Rush)

You exploded into my life
A shot heard around my world
You changed everything

It took some time to find the ground
I think my reason
Has caught up with me

Love is strong, but life is long
Decision is upon us
You can kick my tires girl
I'll deliver what I promise

Action speaks louder than words
Action speaks louder than words
Action speaks louder than words
It's sink or swim
We won't find out
Till we jump in

Will our love keep us afloat
Here come the rapids, girl, to test our will
And if the weather tips our boat
We might loose everything, can we pay that bill?

Action speaks louder than words
Action speaks louder than words
Action speaks louder than words
Can't wait, just do it
Let's get down to it
Action speaks louder than words
Action speaks louder than words
Action speaks louder than words
It's sink or swim
We won't find out
Till we jump in

You exploded into my life
A shot heard around my world
You changed everything

Action, action, action
It's sink or swim
We won't find out
Till we jump in
Action, action, action
Can't wait, just do it
Let's get down to it
Action, action, action
It's either sink or swim
We won't find out
Till we jump in
Action speaks louder than words
Let's get down to it
Can't wait to do it
