(W. Robinson/R. White)

If it's love that you're running from  
There's no hiding place  
And if there's problems I know that they're problems  
We'll just have to face

But if you just put your hand in mine  
We're gonna leave all our troubles behind  
We're gonna walk and don't look back  
Baby, we're gonna walk and don't look back

If your first lover let you down  
There is something that can be done  
Don't lose your faith in love  
Because of what he's done  
Don't do it, baby

So if you just put your hand in mine  
We're gonna leave all our troubles behind  
We're gonna walk and don't look back  
Baby, we're gonna walk and don't look back  
We're gonna walk and don't look back  
We got to walk and don't look back  
Ooh, baby

If you just put your hand in mine  
We're gonna leave all our troubles behind  
We're gonna walk and don't look back  
We're gonna walk and don't look back  
We're gonna walk and don't look back  
We're gonna walk and don't look back  
Oh, yea, baby

I love you darling  
Take my hand, take my hand  
Everything's gonna be alright  
Everything's gonna be alright  
Ooh, yea  
Ooh, yea  
Everything's gonna be alright  
Don't look back  
We've got a love that's gonna last  
Don't look back, don't look back
