Baby, just believe me don't try to read me
I've got to catch the 5:05
I've got a ragged hungry band full of stone survivors
We're out here tryin' to keep it alive

No more favors fuckin' strangers say I owe
Don't care about your problems baby, all I want to know
How am I gonna get it? How am I gonna get it?
How am I gonna get it tonight?

I work hard enough
I'm tired of smiling at liars
I never said I'd try to set the world on fire
Leave me alone, got to find a better way home

I do it all in an hour, could you talk a little louder
I don't open my eyes until midnight
They're screamin' to please me, got to make it look
easy
'Cause I'm fightin' for my life in the spotlight

I'm dancin' in my corner but the bell won't ring
I've got no time to argue, baby, tell me one thing
How am I gonna get it? How am I gonna get it?
How am I gonna get it tonight?

I work hard enough
Tired of smiling at liars
I never said I'd try to set the world on fire
Leave me alone, got to find a better way home

I hear the motor revvin' baby, I've got to go
But just before I leave there's one thing I've got to know
How am I gonna get it? How am I gonna get it?
How am I gonna get it tonight?

I work hard enough
Tired of smiling at liars
I never said I'd try to set the world on fire
Leave me alone, got to find a better way home

Comin' home, baby

Comin' home, baby
Comin' home, baby
Comin' home, baby
