Like the child who's soul's a flame
That loves to burn
I'm just the kind of guy who never learns
I guess you had to go
Why was I the last to know?

I played the fool, girl
I did just what you expected
I played the fool, girl
And you're making it so hard
To leave this time

I see so much when I look in your eyes
I just can't help myself, I'm hypnotized
It's my turn to walk away
But baby, I'll be back someday

I played the fool, girl
I did just what you expected
I played the fool, girl
And you're making it so hard
To leave this time

It's my turn to walk away
But baby, I'll be back someday

I played the fool, girl
I did just what you expected
I played the fool, girl
And you're making it so hard
To leave this time

I played the fool, girl
I did just what you expected
I played the fool, girl
I played the fool, girl

I played the fool, I played the fool
I played the fool, I played the fool
I played the fool, I played the fool
I played the fool
