She's Still In Love
(J. Lyon/G. Nicholson)

She knows that I love her
I tell her every day
Oh but sometimes I wonder, I wonder
Does she still feel that same way
And so I go to her
With all my doubts and all my fears
She says, "Hey, don't be foolish, boy
You know I will always be here"

She's still in love
(she's still in love)
Yea, she's still in love
(she's still in love)
Little girl said she's still in love
(she's still in love)
(she's still in love)
She's still in love
Oh yea

I know she could do better
(yes, you do now)
A young man, handsome, rich and refined
(so fine)
I've seen the way other men look at her
(so good looking)
And I know she's not blind
But she says that what she wants
Is a love she can depend on
She says she found a way back to solid ground
The day that I came along

And she's still in love
(she's still in love)
Yea, she's still in love
(she's still in love)
That's what she says

She says this ordinary guy
Is what she's still dreaming of

And she's still in love
Little girl is still in love
Ah yes she is

Sometimes I go to her
With all my doubts and all my fears
She says, "Now don't you be foolish, boy
You know I will always be here"
That's what she says

She's still in love
(she's still in love)
(she's still in love)
