The moment I saw you, I wanted you  
You made it so easy  
Made love feel  
Like it's supposed to

I never took it for granted  
I was just away too long  
Now, I need you so badly  
And you're gone

My soul's on fire  
My soul's on fire  
My soul's on fire  
Tonight

Moment I left you  
I missed you, baby  
The things I used to shake right off  
Have been stickin' to me lately

But don't you worry about me girl  
I know this pain can't last  
But tonight, babe  
It hurts so bad

My soul's on fire  
My soul's on fire  
My soul's on fire  
Tonight

Can't you hear me baby?  
Soul's on fire  
My soul's on fire  
My soul's on fire  
Tonight

Moment I spoke to you  
You tried to make me see  
You needed someone, someone to depend on  
You knew that could never be me

I hope he treats you better than I did

I hope he can give you all the love he has  
But tonight, baby  
It hurts so bad

Soul's on fire  
My soul's on fire  
My soul's on fire  
Tonight

Can't you hear me baby?  
My soul's on fire  
My soul's on fire  
My soul's on fire  
Tonight, tonight

My soul's on fire  
My soul's on fire  
My soul's on fire
