"Love Heals"

There's a voice that's crying from the
wasteland
Says I don't know where to go from here
I've been gone so long here in the wasteland
My days and months turn to years

Noise inside my head
It scares me half to death

But love heals, love feels alive
Cause love's here when you're by my side
And love frees, love's real this time
And love sees the man here inside
Love heals
Love heals

I have tried so hard to be a sane man
But my demons never disappear
I have hurt you, cursed you but you still stand
Helping me to see my fear

Noise inside my head
It scares me half to death

But love heals, love feels alive
Cause love's here when you're by my side
And love frees, love's real this time
And love sees the man here inside

Love heals

Whoa oh, oh oh
Whoa oh, oh oh
Whao oh, oh oh oh

And love heals, love feels alive
Cause love's here when you're by my side
And love frees, love's real this time
And love sees the man here inside

Whoa oh, oh oh

Whoa oh, oh oh
Whao oh, oh oh oh

Cause love heals
Yes love heals
It's true, love heals
