Never wondered, what will become of us  
I've been sheltered from every stone that has to come  
Reaching for you, feel the urge of love  
In my arms you feel the heaven up above

Came out of nowhere, girl you're my miracle  
Yeah we go stronger

One love, one dream, to stand  
You're mine and it's why this love keeps me alive

On your shoulders, lies the weight of love  
All the times I should let you know you were my love  
I'm surrounded, by temptations love  
Never though I would find someone to catch my fall

Came out of nowhere, girl you're my miracle  
Yeah we go stronger

One love, one dream, to stand  
You're mine and it's why this love keeps me alive

Woah

One love, one dream, to stand  
You're mine and it's why this love keeps me alive

Keeps me alive  
Alive  
Keeps me alive  
Keeps me alive

(Solo)

Came out of nowhere, girl you're my miracle  
Yeah we go stronger

One love

One love, one dream, to stand  
You're mine and it's why this love keeps me alive

Woah

One love, one dream, to stand  
You're mine and it's why this love keeps me alive
