I can't breathe,
I can't sleep.
without you here,
to keep me safe.
There's a hole,
within my heart.
That noone ever,
can replace.

When the road felt long and cold,
you were there for me to hold.

I see you when I close my eyes,
feel you there with every step that I take.
Don't have to say our last goodbyes,
know you're waiting at the end of the lane.
I miss you.

You were there,
through all my life.
Even when I had,
lost my way.
In my heart,
there's a voice.
who tells me that,
we'll meet again someday.

When I feel like I'm alone,
I think of you to guide me home.

I see you when I close my eyes,
feel you there with every step that I take.
Don't have to say our last goodbyes,
know you're waiting at the end of the lane.
I miss you.

Remember all the moments that we shared,
the world was made for you and I

I see you when I close my eyes,
(feel you there with every step that I take.)

Don't have to say our last goodbyes,
know you're waiting at the end of the lane.

I see you when I close my eyes,
feel you there with every step that I take.
Don't have to say our last goodbyes,
know you're waiting at the end of the lane.
End of the lane,
I miss you.
