Or the love that I see in you face
The world may not notice how big your heart is
And what a difference you make
You may not have a trophy to show
For this heart that you've won
And you may not think you're a star
But darling to me you are
And to me, you're the air that I breathe
The light in my eyes
And the hope in my dreams
To me, you're the best in my life
You're all I need
For the rest of my life
Baby, you're what love means to me
All of your friends see a shoulder to lean on
Your boss sees the perfect right hand
Your folks see that same little girl that they raised
And sometimes they don't understand

How much of a woman you've grown up to be
And everything you are
They may not know the real you
You know darling I do
And to me, you're the air that I breathe
The light in my eyes
And the hope in my dreams
To me, you're the best in my life
You're all I need
For the rest of my life
Baby, you're what love means to me
And to me, you're the air that I breathe
The light in my eyes
And the hope in my dreams
To me, you're the best in my life
You're all I need
For the rest of my life
Baby, you're what love means to me
Baby, you're what love means to me
