So, didn't you find love or salvation in what they do,
A heart is built of gold, they fairies they are too, it's in
the hands you

Hold,

How long can we ignore, we build a little more, and
then we break our truth

Ooo

I don't feel like I'm falling, I'm up against the sky,
I said I'd taken it all in to make the good life,
I don't feel like I'm falling, I'm up against the sky,
Let's grab the heart of the world and turn into the light

But I cannot turn around, the angels hear me now, go
where I'm bound,
You smile like you know the new world has been found

Ooo

I don't feel like I'm falling, I'm up against the sky,
I said I'd taken it all in to make the good life,
I don't feel like I'm falling, I'm up against the sky,
Let's grab the heart of the world and turn into the light
I don't feel like I'm falling, I'm up against the sky,
Let's grab the heart of the world and turn into the light
