See, I was just walking by the freeway  
Looking at signs where to go  
Then I saw your hair waving me at by the breeze  
You come from south I say and look  
And now I don't intend or rush on you  
Or maybe define what we can do  
The normal things that other people can do

Refrain...

Day by day after another  
I was thinking of you  
If I can bother  
If we could be lovers that will last forever  
It doesn't even matter as long as we're together  
Hey girl  
I don't know what I can do without you  
Coz lately you are on my mind

Chorus:

Sweet girl of mine  
Coz baby I don't wanna see you cryin' out loud  
All I wanna do is to love you all the time  
Coz baby I don't wanna live every time you gonna give  
Your love to someone  
I don't wanna risk my life just to be the other guy

But I wonder if you might say  
Whoa... o-oh...

Here I go and I said  
Everytime I look at you  
My body starts to shake up  
Up to two by two  
And every rhyme that's in my mind  
It tumbles out baby when you give a love so sweeter  
Bitter, a love so better  
If you just seek the time to know me better

(Repeat Refrain and Chorus)

Baby I don't wanna live everytime you're gonna give  
Your'e love to someone

I don't wanna risk my life just to be the other guy  
And I wonder if you might say...  
Whoa... o-oh...

Sweet girl of mine
