Even I can't erase all my imagination  
But I wasted all I  
Oh oh oh oh  
And I try to believe in this simplification  
To be there when I arrive at my destination

Feels like I was wasting just a bit more time  
When we say oh oh oh oh oh oh  
What if I never loved you  
I tried but I could never be the one to say  
When we say oh oh oh oh oh oh  
I could never leave that way

You could see my elated disorganization  
We were so on fire oh oh oh oh  
You make me feel like I'm nearing hyperventilation  
When you call me a liar  
Or is it my imagination

Baybe you are my lady  
You know I'll love you till the day I die  
Because lately you make me crazy  
You know I'm not the man I was before
