Your lips, your tongue  
Your tootsies-footsies, fingertips and thumbs  
Darlin', they ain't close to perfect  
Oh, no  
No, no, they ain't close to perfect

Your skin, your hair  
Your chin, your teeth, your cheeks, both pair  
Darlin', they ain't close to perfect  
Whoo  
No, no, no, they ain't close to perfect

Now, now, now  
Whoo-hoo, ain't lyin'  
Sugar, now  
Whoo-hoo-hoo  
Ain't no denyin'

That there ain't no body like your body  
No body like yours  
You're a pretty little piece  
Fine as it gets  
Oh, yeah  
There ain't no body like your body  
No body like yours  
Darlin', you ain't close to perfect  
You is for all you is

Yeah, that's right  
C'mon, sugar

Your knees, your ankles  
Your elbows, wrist, hips, and love handles  
Darlin', they ain't close to perfect  
Uh  
No, no, they ain't close to perfect

Your tummy, your belly button  
And every lovin' button below and above 'em

Darlin', they ain't close to perfect  
Uh  
No, no, they ain't close to perfect

Now, now, now  
Whoo-hoo, ain't playin'  
Sugar, now, whoo-hoo-hoo  
What I'm sayin'

Is there ain't no body like your body  
No body like yours  
You're a pretty little piece  
Fine as it gets  
Oh, yeah  
No, there ain't no body like your body  
No body like yours  
Darlin', you ain't close to perfect  
You is for all you is

Your dimples, freckles, subtles, feckles, birth and  
beauty marks  
Your special, secret, public, private, curvy girly parts  
Your top, bottom, back, front, both sides, and your  
middle  
Your bells and whistles sizzle like popsicles on a  
griddle  
Sugar, for shizzle

There ain't no body like your body  
No body like yours  
You're a pretty little piece  
Fine as it gets  
Oh, yeah  
No, there ain't no body like your body  
No body like yours  
Darlin', you ain't close to perfect

You is  
You is  
You is  
You is  
You is
