We even went on holiday together
Tranquillisers and Aspirins for company
I don't think we'll ever know what love means
To head-fucks like you and me

Video camera in the room
But what's wrong with that
You're photographic, pornographic and happy in Hell?

Save our own skins
Save our own sins
Save our own skins
Save our own skins

Cos I am the only witness
In the defence of the death of our Rock and our Roll

Had to be suicide
Pretty suicide
Had to be suicide
Cos our love is too strong to hide
It had to be suicide,
Had to be suicide
Cos our love is too strong to hide

It had to be suicide,
Pretty suicide
Cos it's pretty hard to miss now
It had to be suicide,
Cos our love is too strong to hide

You own my life and I own your therapy money
And just because I'm a mad old punk
I still don't want you on my shoulder
No I don't

Video camera in the room
But what's wrong with that
When you're photogenic, pornographic
And happy in Hell?

Save our own skins

Save our own sins
Save our own skins
Save our own skins

Cos I am the only witness
In the defence of the death of our Rock and our Roll

It had to be suicide, suicide
Pretty suicide
Cos it's too hard to miss now
Cos our love is too strong,
Love is too strong,
Love is too strong to hide
Yeah it had to be suicide
Pretty suicide
Had to be suicide
Cos it's too hard to miss now
Oh it had to be suicide
Cos our love is too strong to hide

Had to be suicide
Pretty suicide
Had to be suicide
Cos our love is too strong to hide
It had to be suicide,
Had to be suicide
Cos our love is too strong to hide
It had to be suicide,
Pretty suicide
Cos it's pretty hard to miss now
It had to be suicide,
Cos our love is too strong to hide
