In twenty years from now  
I want to be nowhere  
I live life day by day  
Just sitting in the same chair  
If it wasn't for you  
I'd have taken root  
You gave me a brand new meaning  
An extra season  
And all of this  
From a girl who's  
Scared of the spiders  
And she's scared of the dark  
She's scared of the bogeymen in  
The park  
But if anybody comes near me  
I know she'll cut their balls off  
They wrote a book about her  
It's taken the place of the  
Holy Bible  
I'd send her to the stars  
But the universe couldn't handle that ego  
If it wasn't for you

I'd have taken root  
You gave me a brand new meaning  
An extra season  
And all of this  
From a girl who's  
Scared of the spiders  
And she's scared of the dark  
She's scared of the bogeymen in  
The park  
But if anybody comes near me  
I know she'll cut their balls off  
Scared of the spiders  
And she's scared of the dark  
She's scared of the bogeymen in  
The park  
But if anybody comes near me  
I know she'll cut their  
If anybody comes near me  
I know she'll cut their

If anybody comes near me  
I know she'll cut their balls off
