Hey, mmh
My baby

Can't you hear my heartbeat
Baby, it's a ?
In that tiny niker faith
God, give love to me
Baby, that's a way I pray
Do you like it like that
Or you're drivin' need me
In that tiny niker faith

Oh don't let it die
Baby, please don't fade away
And I said once or twice
It's like surprise to me

I love your smile
Can I hold you?
I cannot live without your love
I love your smile
As I told you
And if it's not enough
I love your smile
For a life time
I love your heart
Just deny
I love your smile
Like the sunshine
Oh, come back my love

It's a backstreet of desire
Baby, take me higher
In that tiny niker faith
??
??
Baby there's no sorrow
In that tiny niker faith
You've got what it takes
Oh, don't you fade away
And I said once or twice

It's like surprise to me

I love your smile
Can I hold you?
I cannot live without your love
I love your smile
As I told you
And if it's not enough
I love your smile
For a life time
I love your heart
Just deny
I love your smile
Like the sunshine
Oh, come back my love

I love your smile
Can I hold you? (Can I hold you?)
I cannot live without your love
I love your smile (your smile)
As I told you
And if it's not enough (not enough)
I love your smile
For a life time
I love your heart
Just deny
I love your smile
Like the sunshine (like the sunshine)
Oh, come back my love
