Ooohh
Oooh, oooh

Why can't this be love?
Oh just me and you
Like these stars above
See what love would do
With you on my side
I wanna live with you
??
Oh, baby, more than two

Please stay tonight
Oh, love is like the universe
No dream too high
You're the last and you're the first
Oh baby, I know
I never let you go

??
When two hearts collide
And just my heart below
In that lonely night
When the cities, field
I wanna hold your hand
Oh, why can't this be love?
Why has it to wait?

Please stay tonight
Oh, love is like the universe
No dream too high
You're the last and you're the first
Oh baby, I know
I never let you go

Please stay tonight
Oh, love is like the universe
No dream too high
You're the last and you're the first
Oh baby, I know
I never let you go

I never let you go
