"Waiting"

It feels like you're a million miles away
and all color fades to grey
I keep on searching for an answer
I'm staring far into this void in time

feels like you're slipping through my fingers
like water I can't grasp
I've smashed my heart into your brick wall
far to many times

but I keep waiting
I keep on waiting for your call
but I keep waiting
I keep on waiting for your call

Feels like there's nothing I can say
that'll make you want to stay
and write another chapter
in the story of our time

The echo's of your sweetness
are still ringing in my ears
I know they'll never break the silence
that's hanging in my room

but I keep waiting
I keep on waiting for your call
but I keep waiting
I keep on waiting for your call
