[Brak]

Here's a lovely song about my favorite food

Lima, lentos, soy, and pinto

Navy, northern, and garbanzo

Kidneys and frijoles negros

I love beans

I love beans

Woo woo woo!

I love beans

How 'bout you?

High in fiber

Low in fat

Hey, I betcha didn't know that

When I eat beans

I sit in my own little cloud

Nobody comes to visit me

In my little cloud

I don't know why

Maybe 'cause I'm cuttin' muffins

Because...

I love beans!

Hey hey hey!

I love beans everyday!

Beans are an excellent source of protein

I love beans!

Diggydoo!
