I have, I have try many times
Sometimes I am a fighter
Sometimes you knock me down
But I know that you always
Always find some way
Of made me turn back
To that weird relation
Of hate love and strangers
Strangers that met
A day cause I want it
And I wanted so bad
Is so horrible this feeling
Feel unwanted and alone
Alone cause you don't want me
I wanna be like her
And have all your heart

So I can play with him
In love you
Save you so many times
It tired me
I just can't think
I can't feel, I'm not the same
And I can't deal with it
Don't know, only

I know
I know where I've been
And I'm not next to you, boy
You are just too far
From everything I got
I am so, so sad
And I've never been so bad
You can't stop of lie
And you are not the only one

So I can't play with you
In love you
Save you so many times
It hurts me
I just can need

One kiss, one phone call
And I'm so happy
Can't stop try

Is time to run from you
And walk away
Look for another place
Where you can disappear
From my eyes, eyes cry
You don't have a mercy for me
My love
You are just too far
From my fingers x8
