Why u play me like a game?  
Do you care about what I say?  
Why u never want to stay?  
I can feel this is the end

Chorus:

Well, I gotta news for you  
I'm not your silly game  
I can be a fool  
But no more for you  
These things have to stop  
And I gotta let u know  
This is how I feel  
And goodbye to u  
Goodbye (bis 4)  
To You

Is too much to now forget  
So now you can regret  
Maybe you are not my man  
But, why you have to be so mean?

Chorus

Well, I gotta news for you  
I'm not the girl you think  
I can live without  
Your love insane  
U don't have to call  
To make me feel ok  
This is how you lose  
And goodbye to u  
Goodbye (bis 4)  
To You
