Hold me in your arms  
While you feel all right  
You can sense my fingers  
Wherever you are  
I know you don't want me  
I don't wanna talk  
But maybe I'm around you for some reason

You notice in my walk  
I notice in your talk  
But here she comes  
And again you're gone  
Oh you found the keys  
That reaches it through my skin  
And I know you can't  
I am your sin

\* And it goes too  
That receptive  
And I know it too  
I'm your prescription  
And you feel it too  
The attitude  
When you come around  
That you like me

Sorry if I'm wrong  
Listen to this song  
The fight now become  
That war is on  
I'm wishing for your lips  
And you see my hips  
And maybe I'm around you for some reason

You notice in my hand  
Shake it when she can  
Rub her chest  
Against your sand  
Oh you blow my mind
