...and in the end we shall achieve in time  
the thing they call divine  
when all the stars will smile for me,  
then all is well and well was all for all  
and forever after,  
maybe in the meantime wait and see  
We love the all the all of you  
Our lands are green and sky is blue  
When all in all we're just like you  
We love the all of you  
...and when I cry for me I cry for you  
with tears of holy joy  
for all the days you've still to come,  
and did I ever say I'd never play  
or fly toward the sun  
maybe in the meantime something's gone  
CHORUS  
Well that sounds fine so I'll see ya sunshine  
Give my love to the future of the humankind  
OK, OK, that's not OK  
and while it's on my mind there's a girl to fit the crime  
of a future lovers dream that we've still to find  
But In the Meantime  
CHORUS
