Like when you fall from the sky
and see the world from the side
Love always gets in the way
Just like in Hutch & Starsky
I'd like to leave without a trace
Blow you all to outer space
see ya later now I'm gone
so long I'll see you when I'm
Starside
Tell me when I'm home
Starside
Tell me when I'm home
See how we fall like a child
watch them collide
love always gets in the way
just like in Hutch & Starsky
I'd Like to leave without a trace
press record then erase
see ya later then I'm gone
so long I'll see you when I'm
CHORUS
