She's the kinda girl that turns a breath into a gag
She blows me away kicks me up in the morning
Her kinda of loving turns the greatest fuck into a drag
But heres the real work of art
She gives me kiss and caress and a smack with a
frying-pan
Wam bam spit teeth enjoy the fun
Love me, then leave, me then love me again
I'm still standing i'm addicted to the pain
Oh, goodness, gracious, vicious
Ill be chopped and thrown to the fishes
I hope the fish don't find me delicious
Cause now my baby's come back
Waho! waho!
Cause now my baby's come back
Waho! waho!
I've gotten used to sit down and watch tv
But now her flashy little tush wants to be my
widescreen
She's back, waho, waho!
Let's go!
I always hoped for this kinda woman to come my way
The one who could shake me with the tip of her finger
I'm shaken like a sissy in a hockey game
Ain't got the looks of a rock'n'roll singer
I'm all ripped up and I love it
I'm smashed to pieces and I love it
Love me then leave me then love me again
I'm still standing I'm addicted to the pain
Shes giving me a big fat lip
And when she's on that lippy-trip
I wanna go back to the fingertip
Cause now my baby's come back
Waho! waho!
Cause now my baby's come back
Waho! waho!
I'm so used to sit down and watch tv
But now her flashy little tush wants to be my
widescreen
She's back, waho, waho!
And a one and a two

Now my baby's come back
Now my baby's come back
I'm gonna find them fish, delicious x3
Now my baby's come back
Waho! waho!
Cause now my baby's come back
Waho! waho!
I've gotten used to sit down and watch tv
But now her flashy little tush wants to be my
widescreen
She's back, waho, waho!
Cause now my baby's come back
Waho, waho
She's come baaaaaack
Cause now my baby's come baaaaaack
She's come back,back,back,back,back
Waho, waho!
