Between the lines of a rough sound
I walk gravely with my head down
If I'd known how to arise
up from this maze of a special kind

I would have killed
just to get somewhere
It's just a dream to get out of here
and though I know which one to blame
I can't even speak the lousy name

All paralyzed
from neck and down
no way to cure
this scapegoat of mine
I tried to scream,
but I can't make a sound
I'm missing in stereo

I have the lines,
but I've lost them
and when I try to come back again
every word was like a flie
impossible to catch
as they vanished in the sky

All paralyzed
from neck and down
no way to cure
this scapegoat of mine
I tried to scream,
but I can't make a sound
I'm missing in stereo
missing in stereo

I can't reach out
even if I wanted
can't get help
if it was what I wanted
give me the push
I want to be wanted

All paralyzed
from neck and down
no way to cure
this scapegoat of mine
I tried to scream,
but I can't make a sound
I'm missing in stereo (x2)

(missing in stereo)
missing in stereo
(missing in stereo)
I'm missing in stereo
(missing in stereo)
I'm missing in stereo
