Sitting still trying to observe her wicked moves, hey
but I don't know what to do
I don't know what to do
Her steps they pinch me to the ground, but what's the
news, hey
but I don't know what to do
I don't know what to do

My mysterious girl
My mysterious girl

But I can't be holding
on to something
that's not even there
and I won't just sit
and watch the things
I wanna hold, but can't (wohoho)

I'd like to get into that slink and settle groove, hey
but I don't know what to do
I don't know what to do
Now I could dance like that
I'd surely get a love, hey
but I don't know what to do
I don't know what to do

My mysterious girl
My mysterious girl

But I can't be holding
on to something
that's not even there
and I won't just sit
and watch the things
I wanna hold, but can't (x2)

My mysterious girl

Boogie on, get down
Boogie on, get down (x4)

but I can't be holding
on to something
that's not even there
and I won't just sit
and watch the things
I wanna hold, but I can't

Come on!

Boogie on, get down
Boogie on, get down (x2)

No, I can't be holding
on to something
that's not even there
and I won't just sit
and watch the things
I wanna hold, but I can't now

Come on

won't just sit
and watch the things
I wanna hold, but I can't (x2)
