She never believed I'd do anything to hurt her
she never believed that I could do anything wrong
she firmly believed, but some beliefs can be fatal
now she is sound asleep

in other times I would have held her forever
in other times I would have gone by the book
but rule number one never go crazy together
now she is sound asleep

she's so peaceful
she's so peaceful
so peaceful
seconds before the storm

she's a goddess her eyes of true divine standards
she's a goddess her lips are works of art
she's a goddess her presence gives hungry dogs
manners
now she is sound asleep

she's so peaceful
so peaceful
so peaceful
seconds before the storm

but now..
but now..

but now, this madness I fight to keep behind
leaps up front and destroys my mind
and nothing is strong enough to keep this rage inside
I wake her up as another I
(and now) I stare into her terrified eyes
(and now) I calmly gag her terrified cries
(and now) I leave her without even saying goodbye
I'm smiling, I am shaking

oh, what has she done to me
to provoke such fantasies
now I'm all alone in this

and she's so peaceful
so peaceful
so peaceful
she's so peaceful
so peaceful
she's so peaceful
ignorant of the storm
