Im alive again  
And I thought I'd never be  
While I was face down with my big mouth full of dust  
But she's a killer for my pain  
She pulls me from beneath the ground  
I speak today but she fills the spaces between my  
stuttering  
And though she wants me to hold her  
I know I never can own her  
Shes a wildflower, wildflower  
She grows wilder by the hour  
Reaching for the sun  
And she's only just begun  
Wildflower, wildflower  
I go wild while Im around her  
Reaching for the sun  
Shes alive again  
Terrified, but smiling  
Things are black and white and in colour all at once  
Shes got fire in her veins  
Dangerous, but so much fun  
And I seize the day  
And I fill the spaces between her stuttering  
And though she wants me to hold her  
I know I never can own her  
Shes a wildflower, wildflower  
She grows wilder by the hour  
Reaching for the sun  
And she's only just begun  
Wildflower, wildflower  
I go wild while Im around her  
Reaching for the sun  
Wildflower, wildflower  
She grows wilder by the hour  
Reaching for the sun  
And she's only just begun  
Wildflower, wildflower  
I go wild while Im around her  
Reaching for the sun  
Oh yeah, wooh  
Oh yeah, wooh

Wildflower, wildflower  
I go wild while Im around her  
Reaching, reaching, reaching for the sun
